Summary

Based on the information provided, your request will be submitted as a Special Use Permit and processed in the received order. Approvals for Special Use Permits are determined based on whether the requested activity will negatively impact the intended use of the access area or is in conflict with other activities at the access area at the requested date and time. You will be notified by email whether your request has been approved or denied. Approved permit will be sent to the email address provided in your request. If your application is approved and you do not receive your permit at least 7 days prior to your event date, please call 919-707-0150, or email boatingaccess@ncwildlife.org.

 Page 4 of 4

Thank you.

Your request was submitted and will be processed if your submitted event date is less than two years from today.

You will receive an email from the Technician Supervisor assigned to the chosen location approving or denying the permit application.
