Spotted Skunk
versus
Striped Skunk

The North Carolina Wildlife Resources Commission is seeking sightings of the Eastern Spotted Skunk:

- Observations will help the Commission to monitor the species and determine where to focus our research efforts
- Report any sightings from roadkill, game cameras, or inadvertent catch from regulated trapping.

Ways to report:

- Upload your observations to the Eastern Spotted Skunk project at www.inaturalist.org/projects/eastern-spotted-skunk or use the iNaturalist smartphone app.
- E-mail photographs with address or GPS location to: colleen.olfenbuttel@ncwildlife.org
