

NC Wildlife Resources Commission Vessel Registration & Title Application

SECTION 1 – Registration & Title Requirements

All motorized vessels used on public waters including vessels which use an electric trolling motor must be registered. This includes US Coast Guard Documented Vessels and out of state vessels operating in North Carolina for over 90 consecutive days, and sailboats longer than 14 feet at the load waterline. Active-duty military, temporarily stationed in North Carolina, who have a valid out of state registration for their vessel are exempt from this requirement. All titled vessels must be registered. Titling is required for vessels 14 feet or greater in length, personal watercraft, or vessels that have a lien. Vessel registrations are offered for 1 year or 3-year periods.
